What do you really want from an affiliate network? When you think about it, you want an organization that will provide quality bookings, timely payments, wireless technology and operating support – without intruding on how you run your business. I know this because I've been an independent owner /operator for over thirteen years. And, during that time I struggled with many of these same issues without assistance and certainly without rest.

This is exactly why I started 1800LIMO.COM and why I am absolutely committed to ensuring the success of fellow independent operators like you.

1800LIMO.COM is an organization built by independent providers for independent providers. By understanding your perspective, we have developed the services necessary to create the industry's premier affiliate network. Services such as our Smart Dispatch System' and the Accelerated Payment Program. And, perhaps more important, is our commitment to create demand for your services through the aggressive promotion of our brand, web site and call center.

I want you to share in 1800LIMO.COM's bright future. Apply for affiliation through our on-line application today, or call us, and together we can begin to achieve new levels of success.

YOU DESERVE MORE money.

POSITIVE CASH FLOW IS CRITICAL TO ANY BUSINESS...

At 1800LIMO.COM we realize that in order for us to be important to you we have to provide a steady stream of quality rides. To accomplish this goal, we are committed to aggressively promoting our brand and services within your market. More importantly, we stringently control the size of our network so that all affiliate members get an equal and consistent share of reservations.

ACCELERATED PAYMENT PROGRAM

Getting paid should never be a difficult or drawn out process. At 1800LIMO.COM, not only do we support industry leading payment schedules, we will also provide faster payment to those members who participate in our Accelerated Payment Program.

YOU DESERVE MORE support.

SMART DISPATCH SYSTEM

There's unique and then there is revolutionary. Our Smart Dispatch System has been designed to manage effective and equal dispatching to our affiliate base. In addition, this system allows you to control your rate structures over the Internet and on a real time basis.

INTERNET

Today, www.1800LIMO.COM provides our customers with on-line rate quotes, dispatch, reservations and special requests. But it's our plans for the future that's going to really impress you. Have you thought about how the mobile Internet and global positioning are going to impact your business? We have thought about it and we will be the first to introduce this technology to our affiliates.

CALL CENTER

Our call center is available on a 24/7 basis. From this facility 1800Limo.com customers can receive quotes, book reservations, establish accounts for airport transfers, point-to-point or charter service. Of course, any caller can request a specific affiliate, driver and car for their order (and they'll get it).

YOU DESERVE MORE time

IT'S ALL ABOUT HAVING THE TIME TO FOCUS ON WHAT YOU DO BEST!

1800LIMO.COM is here to provide you with industry leading support so that you can focus on your customers and provide them with the first class service they deserve.
